Chunduru Narasimha Satwik

+91 6362661224 | satwikchunduru10@gmail.com | Bengaluru | LinkedIn| GitHub

Education

Dayananda Sagar University, Bengaluru 2021 - Present

Bachelor of Technology in Computer Science and Engineering (Cyber Security).

CGPA: 8.83/10

Narayana PU College, Bengaluru 2019-2021

Percentage: 92.3%

Sri Chaitanya Techno School, Bengaluru 2013 - 2019

Percentage: 93.8 %

Experience

Continental Automotive Components, Student Intern August 2024- Present

- Developed a Security requirements dashboard website using HTML, CSS and JS
- Made a comparative study on AES and RSA algorithms.

Technical Skills

Programming Languages: Java, Python, C, JavaScript, C++

Relevant Software skills: Data Structures and Algorithms, SQL

Frameworks: React.js, Express.js, Node.js.

Tools: RapidMiner, Microsoft Office.

Projects

Agri-Assist

An intuitively designed web application customized to cater to the unique requirements of Indian farmers, providing comprehensive and user-friendly crop-related information. Bulit an user-friendly interface where farmers can send a picture of a leaf to check if it is healthy or not. It can specify which fertilizers are needed for a particular plant.

Tuberculosis Detection

Trained a dataset containing x rays of lungs to check whether there is tuberculosis or not by using various Machine learning and Deep learning algorithms. Trained by using 5 ML and DL algorithms

Image Steganography using LSB (Least Significant Bit) algorithm

This project implements image steganography using the Least Significant Bit (LSB) algorithm. Provided a user interface for uploading a cover image and secret message. Integrated the steganography program to perform embedding and potentially retrieval of the hidden message on the server-side.

Certifications

• Certified Application Developer(ServiceNow)

• Certified System Administrator (ServiceNow)

• Privacy and Security in Online Social Media (NPTEL)

• JavaScript (Basic) (HackerRank)

• Python Data Structures & Algorithms + LEETCODE Exercises (Udemy)
